My dear Sir,

The Emanu-El Sisterhood of Personal Service is about to hold a bazar for the purpose of enlarging its scope of work among the Jewish poor of this city. I take it that you are acquainted with the great good the Sisterhoods do among the very large number of our unfortunate brethren and sisters. At this bazar it is proposed to have an album containing the pictures of Jewish celebrities in all parts of the world. May I, then, in the name of this charity ask you to send me your portrait with your name written upon it? I trust that you will excuse the liberty I take in making such a request. By granting this request you will be assisting one of our most worthy institutions.

I have the honor to remain

Very faithfully yours,

Richard Gotthril

Herrn. Prof. Dr. I. Goldziher
